JOINT DISCUSSIONS END

In the Kentuckian's account of Monday's speaking, the statement of Judge Hanbery that Judge McCarroll would not meet him again in joint discussion was transposed and the meaning completely altered. Instead of saying Judge McCarroll would not meet him, it appeared that Judge Hanbery would decline further discussions with Judge McCarroll. The mistake calls for a correction, which should have been made in Thursday's paper, but was overlooked.

Judge Hanbery went to Lynn county Tuesday to meet his opponent there, but Judge McCarroll declined to engage in further joint debates and left Lynn county and it is reported is now in Calloway county. Judge McCarroll is clearly no match for Judge Hanbery on the stump.

Dr. Cook lectured at Philadelphia the other night and as he left the stage three women sprang forward and embraced him. He got loose without being Hobsonized.

A joint debate of the tariff by William Jennings Bryan and Senator Joseph W. Bailey, of Texas, expected at Atlanta, to be held some time next month in the new auditorium is off.

Louisville won the pennant in the American Association after a great uphill fight. Each player received over \$100 as a gift and the team has been banqueted twice. Heine Peitz, the leader, was given a diamond ring by his players at Sunday's game.

Wilbur Wright Wednesday circled the Statue of Liberty in New York harbor as the climax of a fine fight in his aeroplane. Glenn H. Curtiss also made a brief but successful demonstration of the powers of his machine.

September wheat, which aside from occasional nervousness, seemed to be dying a natural quiet death, jumped suddenly into sensational prominence during the last half hour of business on the Board of Trade at Chicago Thursday, advancing by leaps and bounds fourteen cents to \$1.20. The sensational advance, which made a total gain for the week of more than ten cents, was due to the concentration of the bulk of the contract grade grain in the hands of a few leading cash grain interests.

WHY SALVES FAIL TO CURE ECZEMA.

They Clog the Pores—Only
a Liquid Can Reach the
Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen, as compounded in D. D. D. Prescription. After ten years of the world's leading specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at \$1.00 a bottle, but for the benefit of those who have never tried the prescription, we arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This first bottle ought to convince every sufferer, and, at any rate, it will surely take away the itch at once.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's
Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

EMMA DRAFER.

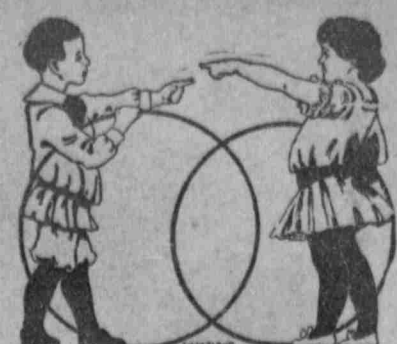

Another Operation Avoided.

Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALYENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Case Is Affirmed.
